MINNEAPOLIS DEPARTMENT OF CIVIL RIGHTS

RULES IMPLEMENTING THE MINNEAPOLIS SICK AND SAFE TIME ORDINANCE

[NOTE: In a lawsuit brought against the City of Minneapolis in the case of Minnesota Chamber of Commerce et al v. City of Minneapolis, Court File No. 27-cv-16-15051, the Hennepin County District Court issued a temporary injunction prohibiting the City of Minneapolis from enforcing the Sick and Safe Time Ordinance against any “employer resident outside the geographic boundaries of the City.” This case is currently on appeal to the Minnesota Court of Appeals. This temporary injunction order will be applied until further action of the court.]

Rule 1. Definitions.

1.1 Ordinance means the Minneapolis Code of Ordinances, Title 2, Chapter 40.

1.2 SST means Safe and Sick Time as defined in the Ordinance, section 40.40.

1.3 Unless defined above, the capitalized words used in these rules are defined in the Ordinance, section 40.40.

Rule 2. Covered Employees and Hours Worked.

[NOTE: Due to the above referenced litigation, this section of the rules will not be enforced against any employer resident outside the geographic boundaries of the City until a final resolution is received from the courts. Once a final order has been issued through the court process, the City may amend these rules to provide additional guidance.]

2.1 An individual is considered an Employee for purposes of the Ordinance if the individual performs work for an Employer for more than 80 hours in a Calendar Year while the individual is physically located in Minneapolis. Employers are not required to track progress towards this threshold for each and every Employee, especially where employees clearly exceed the 80 hour threshold. However, if an Employee could reasonably dispute a lack of coverage under this threshold, based on occasional work in Minneapolis, an Employer holds a burden to show otherwise in those cases. Hours worked by an individual while physically located outside of Minneapolis do not count toward coverage under the Ordinance.

2.2 Once an Employee performs work in Minneapolis at least 80 hours in a Calendar Year, the Employee is entitled to accrue SST for all hours during which the Employee performs work for that Employer during the remainder of that Calendar Year while the Employee is physically located in Minneapolis. SST credited time includes the 80 hours worked towards the coverage threshold under the Ordinance. Employers are not required to offer SST accrual for hours worked by an Employee while physically located outside of Minneapolis.
Examples:

i. Hours spent by an individual while travelling through the City do not count toward either the 80-hour requirement for coverage under the Ordinance or for the accrual of SST if the employee make no stops for work purposes, or makes only incidental stops not considered to be duties or functions of the job (e.g. purchasing gas, eating a meal, or changing a flat tire).

ii. An individual who travels through the City, and stops in the City as a purpose of their work (e.g. to make pickups or deliveries or perform other job duties), is covered by the Ordinance for all hours worked in the City. However, the Ordinance and this rule apply only if the individual performs more than 80 hours of work in the City within a Calendar Year.

iii. An individual who attends a convention, conference, training, educational class, or similar in the City, but performs no other work in the City for an Employer, is not covered by the Ordinance.

2.3 An Employer may make a reasonable estimate of an Employee’s time spent working in the City for purposes of SST coverage, accrual and use. Documentation of how the reasonable estimate was derived may include, but is not limited to, dispatch logs, employee logs, delivery addresses and estimated travel times, or historical averages.

2.4 An Employee, who is otherwise covered by the Ordinance, is covered regardless of immigration status.

2.5 Employers who provide their employees SST under a paid time off policy or other paid leave policy meeting the accrual requirements for SST and available for use by the employee for the same purposes and under the same conditions as SST are not required to provide additional SST.

Rule 3: Complaints.

3.1 Any Employee or person may report an alleged violation of the Ordinance to the Minneapolis Department of Civil Rights Labor Standards Enforcement Division in person, online, by U.S. Mail or by email.

3.2 The Department may investigate an anonymous report of a suspected violation pursuant to the requirements of Rule 4.1.

3.3 The Department shall provide a simple form for complaints.

3.4 Complaints must be filed within one year of an alleged violation.
3.5 A complaint should include enough information and pertinent facts for the Department to evaluate its potential merit, and must include:

a. A description of the facts known or believed to be true that form the basis of the complaint including the approximate dates of the acts alleged.

b. Affirmation that the facts stated are true to the best of the complainant's knowledge.

Any further information that might support the allegations should be submitted with the complaint, including but not limited to, the names and addresses of persons with personal knowledge of the facts alleged; and documents or other evidentiary material.

3.6 The Department has sole discretion to decide whether to investigate, prioritize or pursue a violation of the Ordinance. The Department may not investigate a complaint that is frivolous on its face, undefined or does not identify the alleged violator. The Department may provide technical assistance or otherwise attempt to settle a dispute informally.

3.7 The Minnesota Data Practices Act governs the data provided to the Department.

3.8 If the Department decides not to investigate or otherwise pursue a complaint, the Department must provide a written notification to the complainant and include an explanation of its decision. The complainant may, within 21 calendar days, file a request for reconsideration with the Director. The Director shall respond in writing to the request for reconsideration within 10 calendar days.

**Rule 4. Investigation process.**

4.1 The Department may conduct an investigation on its own initiative where the Department has reason to believe a violation of the Ordinance has occurred.

4.2 Upon Department decision to pursue an investigation, the Department shall send, by U.S. mail, a notice of investigation to the employer. The notice of investigation shall include pertinent facts, allegations, and jurisdictional authority.

4.3 A warning not to retaliate against Employees shall accompany the notice of investigation.

4.4 An employer shall submit all sick and safe time information or other data requested by the Department in the format requested by the Department.

4.5 An employer may submit to the department any additional documentation, evidence, or written information it deems necessary.

4.6 Employer responses must be submitted within 21 calendar days of the date of the notice to the employer.

4.7 When deemed appropriate by the Director, the Department may hold fact finding or settlement conferences during the investigation of a complaint to identify undisputed elements of a
complaint, define and resolve the disputed elements of the complaint, or attempt to settle the
dispute through negotiated agreement. The Director shall provide written notice of such a
conference at least 10 calendar days in advance.

4.8 An Employer’s failure to timely and fully respond to a request issued by the Department or to
participate in a fact-finding or settlement conference creates a rebuttable presumption of a
violation.

4.9 The Director may extend any of the time limits in this section for a reasonable period upon
request or upon the Director’s initiative to promote full and fair proceedings.

**Rule 5. Disposition of Complaint.**

5.1 The Department may agree to a settlement of the complaint prior to the issuance of a
determination.

5.2 Except where the Department enters into a settlement of the matter prior to issuance of a
determination, the Department shall issue a written determination and findings of fact resulting
from its investigation and a statement of whether a violation occurred based upon a
preponderance of the evidence. Such a determination shall be issued in writing to the Employer
and any Employee or other person who filed a complaint.

5.3 The Department may order any appropriate relief as a result of its investigation and final
determination including, but not limited to, administrative fines and remedies listed in section
40.120 (d) of the Ordinance.

**Rule 6. Appeals**

6.1 A complainant or employer may appeal a determination by filing an appeal in writing to the
Department within 21 calendar days after receipt of the written determination.

6.2 In addition to procedures specified in section 40.130 of the Ordinance, appeals shall be
governed by Minneapolis Code of Ordinances, Title 1, Chapter 2, Administrative Enforcement
and Hearing Process, section 2.100.

6.3 A party may not produce new information for the purpose of challenging the Department’s
findings or an administrative fine if the information was previously available yet not submitted.
